Following the immense success of "Only Murders in the Building"-themed escape rooms in California, New York and Texas, Hulu and The Escape Game are introducing "Only Murders in London," an all-new adventure inspired by the upcoming sixth season of the critically acclaimed, multiple Emmy® Award-winning Hulu Original comedy series. Starting **Wednesday, Dec. 9**, the refreshed fan-favorite escape experience will debut in Midtown Manhattan before it heads to Los Angeles, Lynnfield, Massachusetts, and Washington, D.C., for the first time early next year.

"We're excited to team up with Disney Entertainment and bring a new chapter of Hulu's 'Only Murders in the Building' to The Escape Game," said Daniel Daher, senior director of Marketing at The Escape Game. "With the sixth season heading to London, we had the perfect opportunity to reimagine the experience with fresh twists and surprises. We can't wait for fans to step into the story and test their detective skills."

The revamped experience coincides with the debut of the show's highly anticipated sixth season, which takes the beloved trio — Charles (Steve Martin), Oliver (Martin Short) and Mabel (Selena Gomez) — overseas for the first time, trading New York City for London and a new international investigation. "Only Murders in London" premieres Dec. 8 on Hulu and Hulu on Disney+ for bundle subscribers in the U.S. and on Disney+ internationally. The first five seasons are now available to stream.

As Charles, Oliver and Mabel take their crime-solving talents across the pond, Escape Game guests will work together to uncover clues and test their detective instincts against the clock. Designed for both longtime fans and newcomers alike, the interactive adventure will bring the humor, intrigue and unexpected twists of "Only Murders in the Building" into the real world. Expect hidden passageways, familiar props and clever nods to the show throughout.

Additional information, including full opening dates and ticket availability, will be announced soon. For the latest news and details, visit theescapegame.com or follow on Instagram, TikTok and YouTube.

About "Only Murders in the Building"
"Only Murders in the Building" follows three unlikely friends — Charles, Oliver and Mabel — whose shared obsession with true crime draws them into a series of real-life murder investigations and inspires a podcast of their own.

In season six, after successfully bringing the guilty to justice once again, Charles, Oliver and Mabel embark on their hardest case yet when the next victim — Cinda Canning — arrives at their doorstep, summoning them to London to catch her killer. Our beloved trio of true crime-solving podcasters must now navigate their way through the home of the cozy murder mystery, replete with a whole new collection of suspicious and particularly English-eccentric characters. But can they follow in the footsteps of the woman whose podcast started it all for them … without having their story end the same as hers?

The series stars Steve Martin, Martin Short and Selena Gomez, with season six special guest stars including Olivia Colman, Meryl Streep, David Tennant, Nicola Coughlan, Martin Freeman and more. The Hulu Original comedy series hails from co-creators and writers Steve Martin and John Hoffman and is produced by 20th Television.

The series is available on Hulu and Hulu on Disney+ for bundle subscribers in the U.S., and on Disney+ internationally.
