New Licensing Agreement to Mark Premiere of Paul Reiser's Comedy Series, There's Johnny and SVOD Premiere of Syfy's Face Off, as well as the U.S. Streaming Debut of the complete Made in Chelsea Library

SANTA MONICA, CA (September 27, 2017) – Following a groundbreaking licensing agreement that marked the streaming debut of iconic series *Will & Grace*, Hulu and NBCUniversal Television and New Media Distribution today announced a new agreement that will make Hulu the exclusive SVOD home to all episodes of Emmy Award winning comedy series, *30 Rock*, beginning October 1st, as well as add hundreds of episodes of shows for the whole family to Hulu. In addition to bringing the complete library of the critically acclaimed and Emmy Award-winning comedy series from creator and star Tina Fey - *30 Rock* - to a new streaming home, the new deal includes a full suite of premium programming that will become available to stream on Hulu: **30 Rock**. A three-time Emmy Award winner for Outstanding Comedy Series as well as a critical darling, *30 Rock* comes from the brilliant mind of creator and star Tina Fey, whose character Liz Lemon is asked by her ultra corporate boss Jack Donaghy (Alec Baldwin) to somehow make the fictional program “TGS with Tracy Jordan” a success. Working with an oddball staff, no budget and no sleep, Liz keeps up the good fight against long odds. Also starring Tracy Morgan, Jack McBrayer, Scott Adsit, Judah Friedlander and Jane Krakowski, *30 Rock* aired for seven seasons and arrives in its entirety on Hulu on October 1st.

Parenthood. The family favorite, hit drama series will stream in its entirety in early 2018 on Hulu. The critically-acclaimed series, which aired for six seasons, has remained popular with viewers since its finale. *Parenthood* is a one-hour drama from Award-winning executive producers Jason Katims, Ron Howard and Brian Grazer. It follows the trials and tribulations of the very large, colorful and imperfect Braverman family and features stars including Peter Krause, Lauren Graham, Craig T. Nelson, Bonnie Bedelia, Dax Shepard, Erika Christensen, Monica Potter, Sam Jaeger and Joy Bryant.

There's Johnny. Paul Reiser's highly-anticipated series, *There's Johnny*, will make its debut on Hulu. The deal marks the premiere for the NBCUniversal period comedy, set in the world of “The Tonight Show Starring Johnny Carson” circa 1972, starring Tony Danza. **Made in Chelsea**. The first 13 seasons of the BAFTA award-winning, reality television series from the UK will make their US SVOD debut on Hulu. Since its premiere, the hit series has captivated audiences in the UK and resulted in many spin-offs. Through the deal, the complete series will be made available to stream in the US on Hulu later this year. **Face Off**. The first 10 seasons of SYFY's hit reality competition series, *Face Off*, will become available to stream on Hulu. The series will make its SVOD debut in early 2018. *Face Off* follows special effects make-up artists as they participate in elaborate challenges for a grand prize and the honor of being Hollywood's next great effects artist. The new deal expands Hulu's growing library of premium programming with even more hit series from the NBCUniversal Television library. Earlier this month, Hulu and NBCUniversal announced a joint agreement that made all episodes of the Emmy-winning, iconic series *Will & Grace* available to stream for the first time ever. Hulu is also home to top series from NBC including *This Is Us*, *Blindspot*, and the Emmy-winning *Saturday Night Live*.
